Dear Mr. Korb:

With this letter, I am transmitting Notice of Violation (NOV) # 4139 from the Missouri Department of Natural Resources' (MDNR) Hazardous Waste Program (HWP) to The Knapheide Manufacturing Company (Knapheide) for failure to comply with the facility's approved closure plan.

Knapheide shall identify the area where decontamination rinsewater was disposed of on site, and sample and characterize the soil to determine if further remediation is required. The plan for these actions shall be included in the written response to the MDNR, as requested on the NOV.

In addition, within 15 days, Knapheide shall contact Mr. Rick Kuntz, MDNR, Water Pollution Control Program, to determine requirements necessary to properly dispose of decontamination rinsewater.

If you have any questions concerning this letter or NOV, please contact Mr. Doug Allen of the HWP at (573) 751-3176.

Sincerely,
